

FRIENDLY LINK

Friendly Link specializes in locating manufacturers, suppliers and products. The search for suppliers in China is a complex task, especially from the distance. The language and cultural gaps are in your way.

Friendly Link offers

❖ Locating Suppliers, Manufacturers and Products

Locating suppliers thru a professional company provides many advantages:

- Acquaintance with the Chinese market, its laws and rules of trade
- Familiarity with the Chinese culture and behavior in it, knowledge of the language and the local dialect
- Experience in locating manufacturers and suppliers
- The ability to anticipate problems and failures ahead of time and provide the proper solutions.

Local professionals are employed in each of our branches, with thorough familiarity with the Chinese market and many connections with factories and suppliers.

We will locate for you the desired suppliers, transfer to you a detailed price quotation and establish the basis for business cooperation between you and the supplier.

Our experience is at your disposal

The sensible way to do business in a global environment
